

Steps to JAVA Selenium Projects

Automation Testing Stream

NAME- KRITTIKA AGRAWAL

CONTENTS- TestNG Framework

Step-1: Created Classes for Package- “testngframework”.

Step-2: Code for HRM Leave.

```
package testngframework;
import java.util.concurrent.TimeUnit;

public class ApplyLeave {
    private static WebDriver driver = null;

    @Test
    public void hrmleave() {
        System.setProperty("webdriver.chrome.driver", "C:\\Krittika\\chromedriver.exe");
        driver = new ChromeDriver();
        driver.get("https://opensource-demo.orangehrmlive.com/web/index.php/auth/login");
        driver.manage().timeouts().implicitlyWait(1000, TimeUnit.MILLISECONDS);
        driver.findElement(By.xpath("//div/input[@name = 'username']")).sendKeys("Admin");
        driver.findElement(By.xpath("//input[@type = 'password']")).sendKeys("admin123");
        driver.findElement(By.xpath("//button[@type = 'submit']")).click();
        driver.findElement(By.linkText("Leave")).click();
        driver.findElement(By.linkText("Apply")).click();
        driver.findElement(By.xpath("//div[@class='oxd-select-text oxd-select-text--active']/div[2]/i")).click();
        driver.findElement(By.xpath("//*[contains(text(),'CAN')]")).click();
        driver.findElement(By.xpath("//div/div[2]/div/div/input")).sendKeys("2022-10-25");
        driver.findElement(By.xpath("//button[@type='submit']")).click();
    }
}
```

Step-3: Code for HRM Login.

```
package testngframework;
import java.util.concurrent.TimeUnit;

public class HRMLogin {
    private static WebDriver driver = null;

    @Test
    public void login() {
        System.setProperty("webdriver.chrome.driver", "C:\\Krittika\\chromedriver.exe");
        driver = new ChromeDriver();
        driver.get("https://opensource-demo.orangehrmlive.com/web/index.php/auth/login");
        driver.manage().timeouts().implicitlyWait(1000, TimeUnit.MILLISECONDS);
        driver.findElement(By.xpath("//div/input[@name = 'username']")).sendKeys("Admin");
        driver.findElement(By.xpath("//input[@type = 'password']")).sendKeys("admin123");
        driver.findElement(By.xpath("//button[@type = 'submit']")).click();
    }

    @Test
    public void logout() {
        driver.findElement(By.xpath("//span[@class='oxd-userdropdown-tab']")).click();
        driver.findElement(By.xpath("//ul/li[4]/a[@role='menuitem']")).click();
    }
}
```

Step-4: Code for Method Overloading Search Operation.

```
Run All
public class MethodOverloadingSearch {
    private static WebDriver driver = null;
    @Test
    Run | Debug
    public void loginsearch() throws InterruptedException {
        System.setProperty("webdriver.chrome.driver", "C:\\Krittika\\chromedriver.exe");
        driver = new ChromeDriver();
        driver.get("https://opensource-demo.orangehrmlive.com/web/index.php/auth/login");
        driver.manage().timeouts().implicitlyWait(1000, TimeUnit.MILLISECONDS);
        driver.findElement(By.xpath("//div/input[@name = 'username']")).sendKeys("Admin");
        driver.findElement(By.xpath("//input[@type = 'password']")).sendKeys("admin123");
        driver.findElement(By.xpath("//button[@type = 'submit']")).click();
        MethodOverloadingSearch func= new MethodOverloadingSearch();
        func.search("Admin");
        func.search("Admin","Paul Collings");
    }
    void search(String userName) throws InterruptedException
    {
        driver.findElement(By.xpath("//a/span")).click();
        Thread.sleep(500);
        driver.findElement(By.xpath("//div[2]/input")).sendKeys(userName);
        driver.findElement(By.xpath("//button[@type = 'submit']")).click();
    }
    void search(String userName, String empName) throws InterruptedException
    {
        driver.findElement(By.xpath("//a/span")).click();
        Thread.sleep(500);
        driver.findElement(By.xpath("//div[2]/input")).sendKeys(userName);
        driver.findElement(By.xpath("//div/div[2]/div/div/input")).sendKeys(empName);
        driver.findElement(By.xpath("//button[@type = 'submit']")).click();
    }
}
```

Step-5: Outputs for HRM Leave.

Chrome is being controlled by automated test software.

orangeHRM

Leave

Apply My Leave Entitlements Reports Configure Leave List Assign Leave

* Required

Reset Search

(1) Record Found

<input type="checkbox"/>	Date	Employee Name	Leave Type	Leave Balance (Days)	Number of Days	Status	Comments	Actions
<input type="checkbox"/>	2022-10-25	Paul Collings	CAN - Bereavement	13.00	1.00	Pending Approval (1.00)		Cancel
